Subject – Quick Question

Hey,

I was searching for a nail salon locally in East Hampton and I came across yours.

Just had a quick question for you.

When I was searching this is what I saw...

Would you mind explaining to me why I should choose you over Freshcoat or Spa 27? Seems to me they have a better reputation. Just trying to have the best experience.

Let me know.

Thanks.

Subject – Quick Question

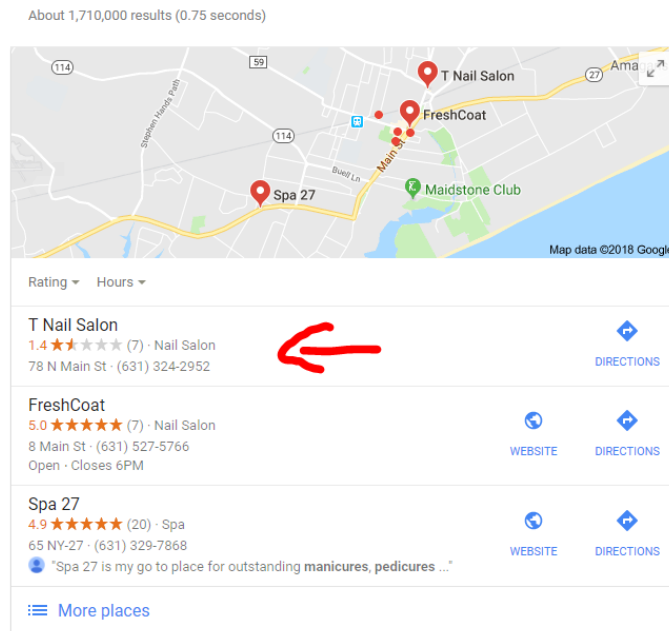

Hey,

I wrote you an email a few days ago concerning your 1.4 star rating on Google and I haven't heard back.

After looking in to a few things and doing a little research on your competitors, I'm pretty sure that I can bring your 1.4 star rating on Google up to a 4 or 4.5 star rating in under 30 days.

I will be calling on other companies if I don't hear back so please reply as soon as possible.

Here's what your potential customers see when they search for you:
